Dear Commissioner:

I attend Eldorado High School and I'm in the eleventh grade. Our class has just completed reading the Jungle. While reading the Jungle we learned about the dangers of down cows being processed and the Food and Drug Act of 1906. I thought the processing of down cows had been taken care of, until I heard that they are still being processed. I'm for the Down Animal Protection Act, 98P-0151/CPI.

Sincerely,

Heather Howard
